MYSTERY

Install a QR code reader on your smart phone to find out what this symbol is all about.

You're invited to a good old-fashioned summer ice cream social (see attached flyer). The event, hosted by Cathy Sesser and Carole DeMoss, will be on **Sunday, July 21, from 6:30 p.m. to 8:30 p.m., at the Wolf Fork cul-de-sac.**

The hosts will provide ice cream, paper products and ice. You can bring an ice cream topping or dessert to share, your own beverage, lawn chair, blanket or umbrella.

There will be lawn games for all ages.

If you have questions, contact Cathy by phone

at 525-0818 or by email at glmesser@msn.com. Or contact Carole by email at cdemoss80@gmail.com.

On behalf of the neighborhood, the homeowners association would like to thank Cathy and Carole for planning and hosting the event. §

Stay in touch with the neighborhood

In less than a minute you can subscribe to the Table Rock enewsletter

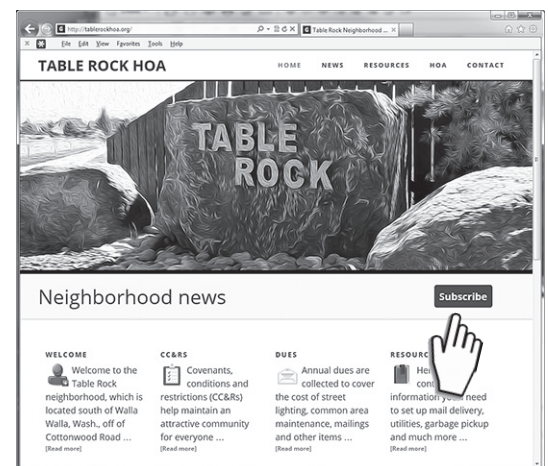

Keep up with what's happening in the neighborhood! Subscribe to the Table Rock enewsletter. **Simply go to the tablerockhoa.org website, find the "Neighborhood news" headline (it's big, you won't miss it), and click the "Subscribe" button.**

While you're there, check out the new website. You'll find:

- An events calendar.
- Contact information for utilities, mail deliv-

ery and schools.

- Neighborhood notices.
- Table Rock CC&Rs.
- When and how to submit plans for review if you're building, adding a fence, painting or remodeling.

The website is a communication channel for our neighborhood. Tell us what you'd like to see. §

Walking your dog?

Remind your pet to be a good neighbor

WEED CONTROL

County officials say it's OK for homeowners to spray the weeds in sidewalk and street cracks with glyphosate, better known as Roundup.

Dogs are smart—there's no doubt about it. But sometimes when nature calls, they temporarily forget their manners.

That's where you come in. When you're walking your dog, please keep him or her on a leash, and remind your pet that your neighbors' lawns weren't created to

be outdoor restrooms. That means keeping your pet on the roadway or sidewalk.

The high urea content of animal urine can leave lawns with unsightly kill zones that may take weeks to recover. And of course no one likes to step in or clean up piles left behind

by someone else's pet. Thank you for your help with this matter. §

Keep an eye out for skateboarders

Table Rock is a popular destination for a group of skateboarders.

The homeowners association board has checked to see if laws regulate this activity, and the answer at this point is no—skateboarding in the subdivision is legal.

Board members have talked with the skateboarders and told them we'd like to cooperate with them for their safety and the safety of those of us who live in this neighborhood.

They've been asked to watch carefully for

approaching cars and people walking in the area.

We'll also need to watch for the skateboarders while driving, biking or walking.

Please contact a board member if problems develop. §

City annexation may resurface

The proposed annexation of Table Rock into the city limits fell short earlier this year of the votes needed to pass. But a revised version of the proposal may surface early next year,

according to Paul Jenès, president of the Table Rock Homeowners Association.

Jenès recently spoke with Nabel Shawa, Walla Walla City Manager. Shawa indicated that the

city may decide to waive a mandatory water fee for residents who already have their own water in the proposed annexation area.

This could reduce resistance to annexation. §
